

Application Security Report

Target: /tmp/sample_gen | 2026-06-14 11:30 | mode: fast-scan | engine: none

Executive summary

Total findings	0	Live-confirmed	0
Critical	0	High	0
Medium	0	Low	0
Files scanned	3	Functions	8
Routes	5	Verified fixes	0

Languages detected

Language	Files
Python	3

Dynamic exploitation (live proof)

No dynamic probes were run for this target.

Automated patches

No automated patches were generated.

Static findings

Generated by LogicBreaker AI. Findings marked CONFIRMED were proven against a running sandboxed copy of the target. Static findings are confidence-scored heuristics and should be reviewed. For authorized security testing only.
